

ICT and Digital Use Policy

The St. Monica M. School implements an integrated digital use and E-safety policy starting from early years and Reception classes. Technology like iPads and interactive tools are introduced safely under adult guidance to support foundational learning, backed by strict firewalls, data privacy rules, and zero unauthorized device access.

Early Years Technology Integration

- **Guided Usage:** iPads and digital resources are used in Reception classes for structured, age-appropriate learning tasks.
- **Safe Exploration:** Children are taught basic digital safety habits as part of an adapted computing framework.
- **Home-School Link:** Selected Virtual Learning Environment resources connect home and school safely under parental oversight.

Security and Safeguarding Rules

- **Robust Filtering:** Comprehensive school-wide firewalls block inappropriate internet content and unvetted sites.
- **Strict Device Control:** Personal mobile phones and unauthorized outside gadgets are prohibited for young pupils during the school day.
- **Data Protection:** Student images, educational logs, and records are processed securely under strict institutional privacy standards.

Records Management Policy

A private Kindergarten like St. Monica M. School manages pupil data, medical profiles, and safeguarding logs under strict data protection and privacy frameworks. Records are kept secure, confidential, and retained or disposed of according to legal guidelines and institution retention schedules.

Core Record Types

- **Personal data:** Child and parent names, addresses, and unique identification numbers.
- **Sensitive data:** Health details, special educational needs, and psychological assessments.
- **Safeguarding logs:** Child protection and welfare records kept strictly separate from routine files.
- **Operational Media:** Attendance registers, staff communication, and authorized digital image resource banks.

Management and Security Rules

- **Access Control:** Digital and physical files remain restricted to authorized teaching and administrative personnel.
- **Data Privacy:** Compliance with data protection principles regarding parental consent and secure cloud storage.
- **Retention and Disposal:** Records are archived or securely destroyed only after statutory holding period expire (7 years after completion).
